

## Mercer / NJIT agreement

We have a partnership with NJIT that allows you to take your first 66 credits of a Bachelors Degree at Mercer.

- Earn an AS in Information Systems from Mercer
- Enter NJIT as a Junior
- Finish with a BS in Engineering Technology from NJIT
- Study your first 2 years inexpensively and close to home.

## Mercer / Drexel agreement

We have a partnership with Drexel that will guarantee you admission to Drexel's Computing Technology program as a Junior.

- Earn an AS in Information Systems from Mercer
- Enter Drexel University as a Junior
- Finish with a BS in Computing Technology from Drexel
- Maintain a 3.2 GPA and Drexel will award you a substantial scholarship to offset tuition.

## Information Technology Programs

**Want to study  
Computer Technology?**

We offer options to prepare you for employment in the IT field and to transfer to a 4-year school

# Career Opportunities

Prepare for work in the IT field with a Degree in Information Technology. This AAS degree prepares students for entry-level jobs such as network technician, network administrator, help desk specialist, customer service representative, and any computer support specialist position.

According to the US Department of Labor, jobs in this area are expected to increase faster than average between now and 2016.

Mercer County Community College can help you enter into a career as a Computer Support Specialist. We also have programs and courses which introduce this field, enhance skills, and show where opportunities exist

# Transfer Opportunities

If you are looking to make Mercer your first stop along the way to a 4-year degree in the field of Information Technology, we offer an AS degree in Information Systems to help you.

We currently have partnerships with Drexel University, NJIT, Fairleigh Dickenson, and Pierce that let you complete the first two years of a Bachelors Degree here at Mercer.

We can also help you reach your goal of advanced study at any college of your choice.

# Individualized Courses

If you are currently working in the field and would like to get additional skills we have options for you. We can help you if you are interested in taking courses in such technologies as:

- Visual Basic
- VB.Net
- C/C++/C#
- Oracle SQL
- Project Management
- Windows Server
- Office Applications
- Project Management
- Linux
- Security

We can also help you with:

- A+ and Net+ Certification
- Microsoft Certification
- Cisco
