   E. Collection of fees

III. Interfacing with Local Government
   A. Overview of the Uniform Construction Code, coordination with the construction official
   B. Interfacing with state level agencies such as DFS, DCA, DOL, DEP, DYFS
   C. Interfacing with local level agencies such as Fire Districts, Planning, Zoning, Police, Health, Finance and Engineering departments

IV. Building Construction and Plan Reviews
   A. Types of construction, BOCA Basic Building Code, Chapter 6
   B. Height and area limitations, BOCA Basic Building Code, Chapter 5
   C. Fire resistance ratings
   D. Methods of fire resistance ratings, BOCA Basic Building Code, Chapter 7
   E. Continuity of ratings
   F. Truss construction concepts
G. Types of loads
H. Load carrying design of beams and columns
I. Recognizing deficiencies in construction
J. Types of Plans: site plans, ploy plans, architectural plans, mechanical plans, foundation plans, floor plans, electrical plans, views (plan, elevation, sectional, detail), sprinkler system plans

V. Legal Aspects of Code Enforcement
   A. Legal aspects of fire prevention
   B. N.J.S.A. Uniform Fire Safety Act Statutes
   C. Uniform Fire Code (UFC) 5:71, 5:72
   D. Code interpretation
   E. Granting and processing variances
   F. Penalties
   G. Serving of notice
   H. Appeals and preparation for an appeal
   I. Conflicts of interest

VI. Public Education & Juvenile Firesetter Programs
   A. Basic fire safety skills programs
   B. Public fire safety education programs
   C. Public relations
   D. Dealing with the press
   E. New Jersey juvenile firesetter program

VII. Fire Investigation
   A. Overview of investigation process
   B. Working with other investigative agencies

VIII. Personnel Management and Supervision

IX. Municipal Government
   A. Organization and function
   B. Departments and agencies
   C. Budgeting for NJ Municipalities and Fire Districts

X. Inspections Overview
   A. Ethics and demeanor
   B. Pre-inspection preparation
   C. Right of entry and methods
   D. Interviewing
   E. Documentation methods
   F. On-site records review
   G. Sampling and testing

XI. Board of Appeals
   A. Preparing for a Board of Appeals Hearing

Evaluation of student learning:

Students will be evaluated for mastery of learning objectives by methods of evaluation to be determined by the instructor. Periodic tests or quizzes as well as a final exam may be utilized. Other methods such as a research or group projects are encouraged.
Academic Integrity Statement:

Mercer County Community College and the Fire Science program are committed to Academic Integrity -- the honest, fair and continuing pursuit of knowledge, free from fraud or deception. This implies that students are expected to be responsible for their own work and that faculty and academic support services staff members will take reasonable precautions to prevent the opportunity for academic dishonesty. The Fire Science program affirms its support of the Academic Integrity Policy as printed in the Student handbook and approved by the College Board of Trustees March 18, 2004.
