Reasonable Accommodations for Students with Documented Disabilities

Mercer County Community College is in compliance with both the ADA and Section 504 of the Rehabilitation Act. If you have, or believe you have, a differing ability that is protected under the law please see Arlene Stinson in LB216, (609)570-3525, stinsona@mccc.edu for information regarding support services.

Academic Integrity

Students are required to perform all the work specified by the faculty and are responsible for the content and integrity of all academic work submitted, such as papers, reports, and examinations. A student will be guilty of violating the Rule of Academic Integrity if he or she:

- uses or obtains unauthorized assistance in any academic work;
- gives fraudulent assistance to another student;
- knowingly represents the work of others as his or her own or represents previously completed academic work as current;
- fabricates data in support of an academic assignment;
- inappropriately or unethically uses technological means to gain academic advantage

Classroom decorum

The college welcomes all students into an environment that creates a sense of community, pride and respect; we are all here to work cooperatively and to learn together.

Students are expected to follow ordinary rules of courtesy during class sessions. Engaging in private, side conversations during class time is distracting to other students and to the instructor. Leaving class early without having informed the instructor prior to class is not appropriate. Unless there is an emergency, leaving class and returning while the class is in session is not acceptable behavior. Disruptive behavior of any type is not appropriate. All electronic devices are to be placed on silent alarm during class sessions. Texting and other forms of electronic communication will not be tolerated during class sessions. Students who engage in such activity will be asked to leave the class by the instructor.

Attendance

It is the students’ responsibility to attend all classes. If classes are missed for any reason, students are still responsible for all content that is covered, for announcements made in their absence, and for acquiring any materials that may have been distributed in class. Students are expected to be on time for classes. If students walk into a class after it has begun they should select a seat close to the entrance in order to minimize the disruption.

Make-up tests and exams will not be given. In the event of an emergency it is the student’s responsibility to notify the instructor of the situation prior to the administration of the test or exam. Should the instructor decide that a make-up test or exam is warranted because of the circumstances resulting in the absence, it will be administered at a scheduled time. The student must take the test or exam at the scheduled time or they will receive a grade of “0”. This “exception” will only be considered once for the entire semester. Any additional tests or exams that are not taken with the rest of the class will receive a grade of “0”.
