Unit #13: - Topics: Defense Mechanisms
Difficult Situations
Caring for the Caregiver

Preparation:
1. Attend class and participate in class discussions.
2. Chapters 19-25 (WW); Chapter 22 (PAD&D); “Attitude”, “Burnout”, “Don’ts”, “Energy”, “Family” (FHCSA-Z)

Objectives:
Having completed the assigned readings, attended class and participated in class discussions, the student will be able to:

1. Evaluate the susceptibility of the funeral director for burnout and the role that defense mechanisms play in coping strategies. (Course Competencies 10; Gen. Ed. Goals 1 & 5; Core Skills A & B)
2. Synthesize Wolfelt’s characteristics of stress and burnout and how they may present in the funeral directors’ response to the rigors of the profession. (Course Competencies 10; Gen. Ed. Goals 1 & 5; Core Skills A & B)

3. Demonstrate effective strategies that the funeral director can utilize to cope with challenging situations, while maintaining self-care. (Course Competencies 7 & 10; Gen. Ed. Goals 1 & 5; Core Skills A, B & F)

Assessment of student learning:

Student learning will be assessed using examinations, quizzes, case studies, group projects, role-plays and a casket presentation. Multiple-choice, matching, case studies, short essays, and fill-in-the-blank questions will be given. The final examination will be multiple-choice and will be inclusive. Weekly quizzes will be given on the assigned readings. Case studies will be completed in groups as well as individually on examinations.

The group project will involve two role-plays presented to the class. Each group’s presentation will focus on a particular topic from the course. In the first role-play, the group will present a scenario in which the funeral director is least effective with the clients. The class will then critique what they heard and saw. The second role-play will involve the same scenario, but the funeral director will respond in an effective manner. The class will then critique what they heard and saw.

The final grade will be determined as follows:

- Quizzes: 5%
- Class Demonstration: 5% (group participation)
- Tests: 25%
- Midterm Exam: 30%
- Final Exam: 35%

NOTE: Minimum “C” grade is required to pass this course.

Reasonable Accommodations for Students with Documented Disabilities

Mercer County Community College is in compliance with both the ADA and Section 504 of the Rehabilitation Act. If you have, or believe you have, a differing ability that is protected under the law please see Arlene Stinson in LB216, (609)570-3525 or stinsona@mccc.edu for information regarding support services.
**Academic Integrity**

Students are required to perform all the work specified by the faculty and are responsible for the content and integrity of all academic work submitted, such as papers, reports, and examinations. A student will be guilty of violating the Rule of Academic Integrity if he or she:

- uses or obtains unauthorized assistance in any academic work;
- gives fraudulent assistance to another student;
- knowingly represents the work of others as his or her own or represents previously completed academic work as current;
- fabricates data in support of an academic assignment;
- inappropriately or unethically uses technological means to gain academic advantage.

**Classroom decorum**

The college welcomes all students into an environment that creates a sense of community, pride and respect; we are all here to work cooperatively and to learn together.

Students are expected to follow ordinary rules of courtesy during class sessions. Engaging in private, side conversations during class time is distracting to other students and to the instructor. Leaving class early without having informed the instructor prior to class is not appropriate. Unless there is an emergency, leaving class and returning while the class is in session is not acceptable behavior. Disruptive behavior of any type is not appropriate. All electronic devices are to be placed on silent alarm during class sessions. Texting and other forms of electronic communication will not be tolerated during class sessions. Students who engage in such activity will be asked to leave the class by the instructor.

**Attendance**

It is the students’ responsibility to attend all classes. If classes are missed for any reason, students are still responsible for all content that is covered, for announcements made in their absence, and for acquiring any materials that may have been distributed in class. Students are expected to be on time for classes. If students walk into a class after it has begun they should select a seat close to the entrance in order to minimize the disruption.

Make-up tests and exams will not be given. In the event of an emergency it is the student’s responsibility to notify the instructor of the situation prior to the administration of the test or exam. Should the instructor decide that a make-up test or exam is warranted because of the circumstances resulting in the absence, it will be administered at a scheduled time. The student must take the test or exam at the scheduled time or they will receive a grade of “0”. This “exception” will only be considered once for the entire semester. Any additional tests or exams that are not taken with the rest of the class will receive a grade of “0”.
