

## White New Jerseyans: Facts

- 76% of New Jersey residents are white.
- Among the 50 states, New Jersey ranks in the top 10 for having the most segregated school systems in the country.
- Average annual income in 2005 for white households in New Jersey was 63.7% higher than that of black households and 54.7% higher than that of Latino/a households.
- Although New Jersey is one of the most racially diverse states in the nation, the northern New Jersey metropolitan area (including Newark and surrounding municipalities) is the fifth most segregated in the nation.
