

# ATTENTION STUDENTS!

**Are you interested in helping to make DREAMS come true?**

- *Are you a caring, reliable person who is a good listener?*
- *Are you looking for a great way to jump-start your career?*
- *Would you like to make a difference in someone's life?*

Then become a peer mentor for college students with intellectual disabilities who are enrolled in the Mercer County Community College's DREAM program (Developing Real Expectations for Achieving Mastery).

As a peer mentor you will:

- Help students adjust to college life by assisting them in their academic and social development
- Receive training and support by professional staff throughout the semester
- Develop your leadership and interpersonal skills
- Schedule your mentoring hours based on your own schedule
- Receive a stipend and career-related experience

Training for mentors will be held on the West Windsor campus in early August.
