

COMPUTATION AND ELEMENTARY ALGEBRA PRETEST

This placement test is designed to provide information about your skills in English and mathematics. The test results will be used, along with other information, to place you in courses appropriate for your level of preparation. In some cases, those may be non-credit, developmental courses.

This mathematics test measures your skills in reading, writing, computation and elementary algebra. Depending on your score, you may be asked questions about college-level mathematics. There is a practice packet for college-level mathematics that is separate from this one. The placement test is untimed, and usually requires between 1 ½ -3 hours, depending on whether you take the computerized or paper and pencil version of the test. Both versions are made up of multiple choice questions.

Mercer County Community College requires that all students have a completed application processed on our registration database before testing. The following students are required to test:

- Full-time and part-time freshman who have not achieved a score of 540 or higher on SAT critical reading and 530 or higher on the SAT mathematics section.
- Returning students who have not been tested for course placement in over two years.
- Non-matriculated students with twelve or more credits.
- Transfer students who have not completed their English and math requirements, unless score records for this placement test have been transferred from the previous college to the test administration office.
- ESL students who desire to study math will need partial testing (math only).

WHERE AND WHEN THE TEST IS GIVEN

The computerized placement test is given mostly by appointment with some walk-ins at the West Windsor Campus, (WWC), and by appointment only at the James Kerney Campus (JKC). Please call 609-586-4800, extension 3295 (WWC) or extension 6695 (JKC).

Pencil and paper testing is available upon request for those who are not comfortable testing on a computer. The schedule for walk-in testing is posted on our website, www.mccc.edu.

WHAT TO TAKE WITH YOU ON THE TEST DAY

- 1. YOUR SOCIAL SECURITY NUMBER**
- 2. SEVERAL NO. 2 LEAD PENCILS WITH ERASERS**
- 3. A PHOTO ID**

TESTING REGULATIONS

No cell phones, food, drink, books, dictionaries, notes of any kind are allowed in the test room. Anyone who gives or receives help during the test, uses notes, books, a cell phone, or removes materials from the room will not be permitted to continue the test. A calculator is not permitted for the exam. However, the mathematics sections of the computer test may present a pop-up calculator for some of the math questions. Scrap paper will be provided. The college will invalidate any test score if there is a reason to question the integrity of the examinee.

TEST SCORES

TEST SCORES WILL BE USED FOR PLACEMENT IN COLLEGE English and mathematics or in some noncredit developmental courses if necessary. If additional testing is required for placement, this will be determined and authorized by the Advisement Office, Admissions Counselor, or department faculty or the dean.

CONFIDENTIALITY

Data about you will not be used for other than counseling and placement purposes without your permission. If the data are used for research purposes, special procedures will be used to keep your identity confidential.
