Transfer Opportunities

Mercer's **transfer programs** make it easy for you to move on to other colleges and universities. Hundreds of Mercer graduates transfer successfully each year to many highly regarded bachelor's degree-granting institutions.

Our **dual admissions agreements** with The College of New Jersey, Montclair State University, Rider University, Rutgers University, La Salle, Penn State Abington, Saint Peter's College, Wilmington University, and New Jersey Institute of Technology and our **transfer agreements** are ideal for students wishing to earn a bachelor's degree. These agreements enable Mercer students to predict how their course credits will transfer.

MCCC's **special partnerships** with Fairleigh Dickinson University, Felician College, and William Paterson University make it convenient for students to finish certain bachelor's or master's degrees on-site at Mercer. The college also supports local students pursuing certain University of Delaware bachelor's degrees via distance learning.

For those who are undecided about transferring, the college maintains resources and offers appointments to students to explore options at other colleges and universities. Mercer is just the beginning!

For more information about the transfer opportunities at Mercer, call Transfer Services at (609) 570-3397, visit www.mccc.edu, or email transfer@mccc.edu.

ENG—English

Course descriptions, prerequisites, corequisites >>>> www.mccc.edu/courses/ENG

Note: Initial selection of an English composition course is determined by a placement test. Call the Liberal Arts Division or the Academic Testing Center for details. English courses are sequential. Therefore, a student must satisfy the composition requirement - with a minimum grade of C in ENG102 - before taking literature (200 level) courses. Applicability of credits in courses below the 100 level toward degree requirements is limited.

Note: The English Department offers sections of English Composition I and II that are specifically designated for non-native speakers of the English language. For more information, contact Fran Davidson, (609) 570-3852.

ENG101/102 TVC: Students who register for TVC (distance learning) classes of ENG101 or ENG102 are required to write two essays, one at the beginning of the semester and one at the end, in the Academic Testing Center on the West Windsor campus. Further information about this requirement can be obtained by calling (609) 570-3308.

Mercer's HRIM programs offer a perfect blend of theory and practice. The A.A.S. program in Hotel Restaurant and Institution Management caters to students destined for a management position within the food service and/or lodging industry and includes a comprehensive internship opportunity.

Mercer's Professional Cooking and Professional Baking certificate programs prepare individuals for **immediate** entry into the industry. Graduates can obtain positions in food production departments for hospitals, nursing homes, restaurants, hotels, conference centers, catering operations and other food service businesses.

Other options include Culinary Arts or Pastry Arts and Culinology degree programs; phone (609) 570-3447 for details. For information on Mercer's articulation program with the University of Delaware, Fairleigh Dickinson University and Johnson & Wales University, phone (609) 570-3476.

MAT—Mathematics

Course descriptions, prerequisites, corequisites >>>> www.mccc.edu/courses/MAT

Note: Initial selection of a mathematics course is determined by the results of a placement test. Contact the Liberal Arts Division or the Academic Testing Center for details. Applicability of credits in courses below the 100 level is limited. Students who have completed math courses at another college must present transcripts.

Mathematics Placement: Students not required to take pre-college review mathematics should take the Mathematics Course Placement Test to determine the appropriate level of math. A pretest and authorization form may be obtained at the Liberal Arts Division office (LA 162) or from a counselor. The placement test is given in the Academic Testing Center, and the results are discussed and reviewed with a member of the mathematics faculty.

With starting salaries now above \$45,000 and a New Jersey shortfall of RNs, the nursing profession offers excellent career opportunities for qualified students. Be sure to ask about **scholarship** opportunities.

The **MCCC Nursing program** culminates in the A.S. degree and candidacy for licensure as a registered nurse (RN). Instruction combines clinical experience in area hospitals with on-campus lectures and lab classes. Full-time, part-time, and online hybrid options are available in either day or evening/weekend programs. Licensed practical nurses are eligible for advanced standing. For application materials and program information, contact the Admissions office at (609) 570-3795 or e-mail martinl@mccc.edu.

The college also conducts two other nursing programs, one in collaboration with **Capital Health System (CHS)** and the other in conjunction with **St. Francis Medical Center (SFMC)**. These programs culminate in a nursing diploma awarded by the hospital and the A.S. degree conferred by the college. For information about these cooperative programs, contact the college's Admissions Office or the director of the respective nursing program as follows: CHS 394-4050 or SFMC 599-5190.

The Virtual College

MercerOnline

www.mccc.edu/tvc

A growing number of students are taking distance learning courses through The Virtual College. Taking courses via Internet and television allows students to choose when and where they learn. The Virtual College offers convenience and flexibility to those with busy lives and unconventional schedules. Success in an online or television course requires commitment and high motivation to complete assignments.

Taking an Online Course (Web-Based)

To take an online course, you need access to a computer, Microsoft Word-compatible software, a web browser such as Internet Explorer or Mozilla Firefox, and reliable access to the Internet. Students enrolled in online courses should be comfortable using a computer and navigating the Internet.

Taking a Blended Course (In-Person and Online)

Blended courses, involving both web technology and the traditional classroom, deliver the best of both worlds: on-campus instruction and distance learning wrapped into one course. “Face to face” meeting times are noted on your schedule.

IMPORTANT: It is highly suggested that you attend one of these orientations on the West Windsor Campus or online, especially if this is your first time taking an Online Course. We provide tips and tricks to successfully navigate your online course, as well as breakout sessions to test your username and password.

Placement Testing

A placement test measuring English and mathematics skills is a requirement in the MCCC admissions process to determine student eligibility for certain courses and programs. The exam does not affect admission to the college. Completed in approximately two and a half hours, the test includes a timed essay followed by untimed multiple choice questions. Prospective students are encouraged to thoroughly review the sample essays and practice questions found in the placement testing section of the MCCC website.

- Evidence (college transcript) of college-level English or mathematics courses.

All documentation of scores and transcripts should be submitted to the Enrollment Services Office upon application to the college.

If English is not your first language, call 609-570-3244 to arrange for the English as a Second Language placement test.

ARRANGEMENTS FOR TESTING

After completing a college admissions application and obtaining a MCCC student I.D. number, students may arrange to take the placement test by contacting the preferred testing location: the Academic Testing Center at the West Windsor Campus (609-570-3295) or the Beverly A. Richardson Testing Center at the James Kerney Campus (609-586-4800 ext. 6695).

Special accommodations for testing may be arranged through the Office of Special Services at 609-570-3525.

EXEMPTIONS FROM TESTING

- 540 on the SAT critical reading exempts students from the English testing;
- 530 on the SAT mathematics exempts students from the basic math testing, but qualifies students for college-level math placement testing;
- 21 on Math ACT and 21 on English ACT exempts students from the English and basic math testing and qualifies students for the college-level math placement testing;
- A degree from an accredited U.S. college or university (transcript required);

Payment and Refund Policy

Prior to the start of any semester (or equivalent), a student can freely modify his or her schedule by adding and dropping classes without approval or penalty. Any monies paid by the student (tuition and fees) for a course dropped during this period will be refunded.

Once a semester begins, students must drop any class prior to the deadline specified below in order to be eligible for a refund for that class. There are no refunds other than full refunds, which are processed each Monday in the form of a check and mailed to the student.

Deadlines for refund eligibility differ according to class session length. A class must be dropped "no later than" the specified number of business days following the initial meeting day of that class:

- within 3 days ...for classes lasting more than 13 weeks
- within 2 days ...for classes lasting from 10 to 13 weeks
- within 1 day ...for all other classes

A course dropped anytime after refund eligibility for that course ends will be processed as a withdrawal, with **no refund of tuition or fees**. *Please be aware that dropped classes or withdrawals can cause adjustments to any financial aid awards, resulting in you having a balance due to the college for your tuition.*

No refund of tuition or fees will be made to a student who is withdrawn (WI) from a course by an instructor due to non-attendance or who is dismissed from the college for cause.

Academic Schedule, Tuition

Classes begin August 29 for the regular 15-week semester.

See pages 62-63 to register online, in person, by FAX or by mail before August 24 to avoid late fees (for later starting courses, see chart below).

Paying for Your Education

Community colleges charge the lowest tuition and fees of all higher education institutions. Mercer County Community College receives significant support from Mercer County and the State of New Jersey, but courses are not free. Students are required to pay for a portion of their education. To determine the cost of a course, consider tuition and college fees, special course fees, books and supplies.

Tuition and Fees

Tuition and college fees are calculated on a per-credit basis. The table on page 60 will help you determine how much you owe based upon the total number of credits you are taking and your residency. Besides regular tuition and college charges, some courses carry an additional fee. These are indicated in the Course Listings (pages 11-48).

Books and Supplies

Students must purchase their own textbooks and supplies. The Mercer Bookstore (see page 56) for hours and locations, or order online at www.mccc.bkstr.com guarantees the availability of these for any course offered at MCCC. Costs range from \$1 to more than \$150, with the average course costing \$100. Acceptable methods of payment include cash, credit card, and financial aid (checks not accepted).
