Felician @ Mercer

RN/BSN

Felician's RN/BSN program is designed for any student who is a licensed RN, has earned an associate degree in nursing or nursing diploma, and has at least 33 liberal arts credits.

THE RN/BSN FAST-TRACK PROGRAM CAN BE COMPLETED IN 15 MONTHS BY ATTENDING CLASS JUST ONE DAY A WEEK ON THE SAME DAY FOR THE DURATION OF THE PROGRAM.

Classes are a blend of traditional classroom instruction taught on-site at the community college and online instruction. The program is 48 credits that consists of 27 credits of nursing courses and 21 credits of liberal arts and science courses.

Students will take two courses and earn six credits during each session. Each session runs for eight weeks.

The program also incorporates three credits of graduate-level coursework, so you will get a head start on your master's degree (MSN) at Felician College at the undergraduate discount tuition rate, saving you time and money.

The Felician MSN offers tracks in Nurse Education or Adult and Family Nurse Practitioner. These credits are also transferable to other institutions.

Please note – Program information is subject to change

Felician College is a close-knit, personalized and nurturing academic community. Our commitment to you is deeply rooted in our Catholic/Franciscan spirit, which embodies our love of learning, commitment to service and respect for all creation. Accredited by the Middle States Association of Colleges, Felician offers high quality academic programs and a tradition of excellence and caring. Personal attention is our hallmark. Class sizes are small and engaging and our faculty are always there to help you succeed.

Felician College is Sponsored by the Felician Sisters
