Executive Summary

Presented by: Donna Murdoch, National Advisor, Community College Center of Excellence

On behalf of University of Phoenix®, thank you for the time that you have taken to discuss your institution’s goals and objectives. University of Phoenix is pleased to present a recommendation outlining solutions that we’re confident can assist you in meeting your education goals. Throughout this recommendation, you will find an outline of our discussed immediate and long-term initiatives. Our initiatives for the first 90 days include:

Student Opportunities
- Articulation
- Transfer Pathways
- Education Pathways Partnership
- Seamless Transfer Launch
- Student Communications
- Workforce Development
- Prior Learning Assessment

Following completion of the first stage of our relationship, we can refocus our efforts on future opportunities for your staff, faculty and associate degreeed students. These include:

Student Opportunities
- Industry Pathways Expo
- Bridge to Bachelor’s Pathways Presentation

Staff and Faculty Opportunities
- Pathways Leadership Roundtable
- School of Advanced Studies
- Reporting

On the final pages of this document, you will find an appendix that provides examples for your reference.

To display our commitment to this partnership, University of Phoenix is pleased to extend a five percent (5%) tuition reduction to students entering into a bachelor level degree program at the University who obtain an associate’s degree from Mercer County Community College. Additionally, staff and faculty of Mercer County Community College who enter into a bachelor’s or higher degree program with University of Phoenix will receive a five percent (5%) tuition reduction. University of Phoenix will also provide a one hundred percent (100%) fee waiver for associate degreeed students, staff, and faculty on Prior Learning Assessment (PLA) submission. PLA includes the assessment of professional training completed at Mercer County Community College or an affiliated skill or training center that has not been transcribed as transferrable college level credit towards a degree program offered at Mercer County Community College.

We are excited to launch our partnership and look forward to serving Mercer County Community College and your staff, faculty and associate degreeed students.
Who We Are: The Community College Center of Excellence

The Community College Center of Excellence (CCCE)
The Community College Center of Excellence (CCCE) is the gateway for community colleges and their students to connect with the University. The CCCE contributes to developing the workforce by guiding associate-degreed students on their path to earning a bachelor’s degree while also connecting them to careers. We offer a specialized and dedicated team that shares a passion for higher education and we are committed to serving our community college partners and their students with integrity.

Partnership Recommendations
Immediate Partnership Initiatives for Students

Articulation
University of Phoenix will accept Mercer County Community College lower-division general education coursework as the same designation that you grant them; thereby allowing your students to maximize the units they acquire at your institution. Through articulation, you are adding value and credibility to your already established courses. Additionally, articulation allows students the opportunity to save time and money while working toward completion of their degree by utilizing the credits already earned at Mercer County Community College. Following completion of your course evaluation, a Course Transfer Guide (CTG) will be posted on phoenix.edu as well as on your co-branded landing page for new and existing students to reference when enrolling at University of Phoenix to continue their education. Your Course Transfer Guide demonstrates clearly for your advisors and students how their coursework is designated at University of Phoenix allowing for increased flexibility when it comes to credit transfer and application.

Please see Appendix I to see an example of a Course Transfer Guide.

Transfer Pathways
Transfer Pathways are degree planning tools that bridge community college associate programs with University of Phoenix bachelor’s programs to provide students with a clear educational blueprint toward their baccalaureate attainment. Through the creation of Transfer Pathways, community college staff, faculty, and students see how transfer credits apply on a program-to-program basis, bringing clarity to the transfer process and providing a map toward the student’s next phase in higher education.

Please see Appendix II to see an example of a Transfer Pathway.

Education Pathways Partnership
Education Pathways Partnership program is designed to guide community college students beyond their completed associate degree program to their bachelor’s degree program at University of Phoenix—and for students in some programs—to their master’s degree. The Education Pathways Partnership does this by
plotting the most efficient path through associate, bachelor’s and master’s programs to reduce curriculum duplication between institutions and degree levels. By maximizing the number of transferable credits to be taken at the community college partner, the Education Pathways Partnership minimizes the cost of earning a higher degree. An added bonus of the Education Pathways Partnership is that in some University of Phoenix programs, the completion of a bachelor’s degree can fulfill nearly 15% of the University’s credit requirements for a master’s degree. So far, Education Pathways Partnership programs have been established for degree programs in business and nursing.

Seamless Transfer Launch
The “transfer launch” is the date by which University of Phoenix is able to enroll associate degree students of Mercer County Community College. When we launch, our enrollment systems will be able to track any new and existing student-alumni of your institution, apply partnership benefits, as applicable, and begin to record student information for reporting purposes to determine Transfer Trends and Outcomes. We understand that it’s important to evaluate the success of our relationship and the educational growth of your alumni. As such, we have the ability to provide comprehensive reporting on the enrollment trends of your students on an annual or semester basis. We can provide active student count and enrollment trends as well as a breakdown of student count by modality (online vs. local campus), degree program, University of Phoenix College, and University of Phoenix region. Our intake teams of advisors, known as Graduation Teams, are dedicated to offering personalized service that creates a heightened student experience that supports the student success foundation established by Mercer County Community College.

Please see Appendix III to see an example of the reporting we can offer.

Student Communications
In an effort to communicate the benefits of our relationship to your students and alumni, University of Phoenix is able to create a portfolio of collateral pieces with minimal effort on your part. By providing your logo in a high-resolution format, we are able to execute customized, co-branded communication pieces including:

- An informational landing page created specifically for community college students with a custom URL for your institution (phoenix.edu/mcc)
- Web copy to be placed on your student-facing website that describes the relationship and links to the landing page, and a University of Phoenix logo file for use on the website
- A “Frequently Asked Questions (FAQ)” document that addresses potential questions about your academic relationship with University of Phoenix for use in an electronic or print format

Please see Appendix IV for examples of our co-branded collateral.

Workforce Development Prior Learning Assessment
University of Phoenix is grateful to America’s community colleges for the investment they make in training and educating our Nation’s workforce. To support the student’s attainment of industry-recognized credentials, the University of Phoenix will assess professional training that has not been transcribed as transferrable college level credit towards a degree program offered at your college and/or an affiliated skill or training center through our Prior Learning Assessment (PLA). Coursework which is remedial or developmental in nature is not eligible for assessment, and all students are subject to the University’s prior learning assessment policies.
Future Opportunities for Students

Industry Pathways Expo
An Industry Pathways Expo brings together representatives from local employers, the community college, and University of Phoenix to engage with students and discuss career pathways in one specific industry and is the direct result of the Pathways Leadership Roundtable. Typically held at a large community college venue, this event provides community college students an opportunity to learn more about transitioning into a targeted career field. Ultimately students should leave an Industry Pathways Expo with an understanding of what knowledge and training are required in their chosen field and what their next steps should be after community college completion.

Bridge to Bachelor’s Pathways Presentation
A Bridge to Bachelor’s Pathways Presentation allows community college students to conveniently meet with University of Phoenix faculty and staff in their own community college campus classroom. This provides an opportunity for students to have a more personal conversation regarding transitioning to a four-year university. University representatives can also assist students in charting a career map in these comprehensive and inspiring sessions.

Future Opportunities for Community College Personnel

Pathways Leadership Roundtable
A Pathways Leadership Roundtable is a unique advisory panel that brings together academic, industry-specific WFS partner, and diversity leaders within a local community. The purpose of a Pathways Leadership Roundtable is to identify workforce needs and establish pathways to help students gain the knowledge and skills to contribute to the stronger workplace. This can help a community college increase degree completion and enhance their students’ career readiness while helping industry partners broaden their talent pool and recruit qualified employees.

School of Advanced Studies
University of Phoenix supports Mercer County Community College staff by offering doctoral programs within the School of Advanced Studies. These programs are designed for organizational leaders who wish to integrate research, theory and practical experience into their professional roles and personal lives. Furthermore, through a strong emphasis on academic excellence, we support our learners’ development as scholars who converse with, and contribute to, the larger community of academics and researchers engaged in the study of leadership.
Reporting
We understand that it's important to evaluate the success of our relationship and the educational growth of your staff and faculty. As such, we have the ability to provide comprehensive reporting on the enrollment trends of your staff and faculty enrolled at University of Phoenix. On a quarterly basis, we can provide active student count and month-over-month enrollment trends as well as a breakdown of student count by modality (online vs. local campus), program level, degree program, University of Phoenix College, and University of Phoenix region.

Please see Appendix V for an example of the reporting we can offer.
Initial 35-Day Timeline

Week 1, Days 1-7
• Mercer County Community College presents signed agreement to UOPX
• Mercer County Community College delivers a high-resolution logo to UOPX for student communications collateral
• UOPX prepares internal systems to begin Seamless Transfer Launch
• UOPX deploys internal communications to UOPX Student Service Representatives regarding specific Mercer County Community College benefits
• UOPX begins tracking transfer trends and outcomes for future reporting purposes
• UOPX begins creating Transfer Pathways for Mercer County Community College

Week 2, Days 8-14
• Mercer County Community College and UOPX review landing page and completed transfer guides at phoenix.edu/mccc and additional communications
• UOPX makes requested changes to collateral, if needed

Week 3, Days 15-21
• UOPX finalizes and delivers final communication package for launch
• Mercer County Community College implements UOPX content on student-facing website or communications channel
• Mercer County Community College promotes UOPX landing page through student-facing communications channel

Week 4, Days 22-28
• Mercer County Community College meets with Donna Murdoch to review relationship milestones to date
• Mercer County Community College and Donna Murdoch schedule 30-day check-in meetings to discuss ongoing partnership efforts and goals
• UOPX identifies additional solutions to meet Mercer County Community College educational development needs

Week 5, Days 29-35
• UOPX completes new or updated Transfer Pathways for Mercer County Community College
• UOPX shares completed Transfer Pathways with community college leadership and staff to communicate developments to students
# Appendix I: College Course Transfer Guide (CTG)

**NORTH SOUTH COMMUNITY COLLEGE**

2013 Course Transfer Guide

The following is a list of courses that transfer as:
- A liberal arts General Education course, by category
- A transcribed nursing course (for BSN students)
- A limited physical education elective (students may transfer up to 4 semester credits)

All other courses will transfer as elections that are:
- College-level courses (not remedial or developmental) as designated by sending institution
- Associate Degree coursework or diploma courses that are identical to Associate Degree courses (applies to select Nationally Accredited and select Regionally Accredited Institutions only)

## Institutional Credit Breakdown

| Minimum Credits Required for Associate of Applied Science in Criminal Justice | 60 Credits |
| Credits Utilized from AAS in Criminal Justice                             | 60 Credits |
| Recommended Credits Outside AAS in Criminal Justice Degree to Maximize Transfer | 6 Credits |

## Total Credits Required to Complete Bachelor's Degree

- North South Community College Applied Credits: 66
- Required University of Phoenix Credits (45 Upper Division): 54

---

**NOTE:** This breakdown represents the recommended course sequence a student should pursue in order to transfer into University of Phoenix. This summary is an estimation of credits only based on the current catalog and degree program requirements. Actual credit may vary based on each individual student’s submission. Concentrations are reflected on the transcript only. All courses that apply to an associate’s degree transfer to the University of Phoenix with the exception of remedial or vocational courses. Courses must have received a grade of C- or higher to transfer.

The University’s central administration is located at 1625 W. Fountainshead Parkway, Tempe, AZ 85282. Online Campus: 3157 E. Elwood St., Phoenix, AZ 85034. © 2013 University of Phoenix, Inc. All rights reserved.
