

# HECKLER & KOCH Armorer course

instructed by

## Blackwater Training

Hosted by

**Mercer County Police Academy  
West Windsor, NJ**

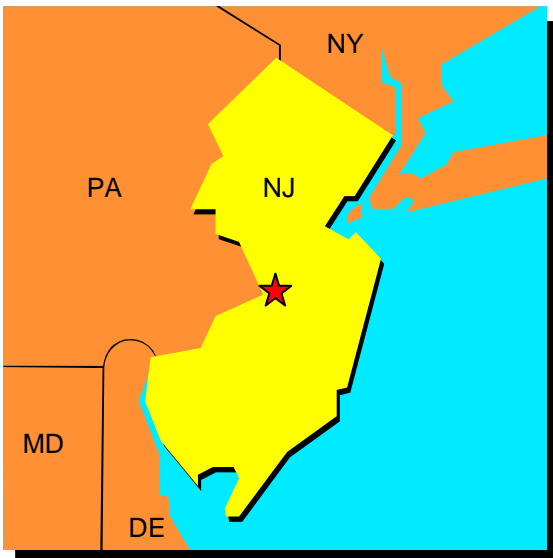

**INTERNATIONAL  
TRAINING SERVICES**

**MP5 Armorer (20 seats) 5-7 November**  
**UMP Armorer (20 seats) 8-9 November**  
*Military, Law Enforcement and proper FFL holders only*

Heckler & Koch armorer courses conducted by Blackwater Training Center are structured to provide each student with a practical and thorough understanding of the advanced features that make H&K firearms unique. Armorer training classes are a mixture of classroom instruction and hands-on exercises, enabling each student to achieve a high degree of familiarity with the topics covered. The course covers disassembly, parts identification and reassembly along with trouble shooting suggestions and repairs.

H&K "Factory Armorer Certifications" are awarded to all participants who successfully complete armorer instruction. Prior to earning the Heckler and Koch Armorer Certification, each student must pass both a knowledge and proficiency exam. The certification is valid for a three year period (To recertify, students must attend the specific course again). Class will start at 8:30 am each day.

**Gear Requirements:** All weapons and armorer tools used in each course will be provided by Blackwater/H&K.

Cost: \$750 for MP5 module

\$495 for UMP Module
