Noon- 1:00pm or 4:30 pm-5:30pm**

In 2013, Dr. Craig Coenen and Dr. Jack Tabor led a group of Mercer County Community College students on a study abroad trip to Poland to study the Holocaust. They encountered the most deadly and horrific places of Nazi-occupied Poland—Auschwitz, Treblinka, and the Warsaw Ghetto. Dr. Coenen's presentation offers a look into what the group witnessed, the differing ways the Holocaust is understood and remembered in Poland, and the importance of Holocaust and Genocide Studies in our lives today.

Those interested in the talk and/or the subject might be interested in joining Dr. Coenen and Dr. Tabor when they return to Poland in May 2015 for nine days (May 22-May 31). For more information, please contact: Professor Andrea Lynch, Director of Study Abroad, at lyncha@mccc.edu or 609-570-3652.
