Writing Assignment #1

For this writing assignment, attend the “Credit Scores” Financial Fitness Workshop on October 4, 2016, at 12:00-1:00PM in AD121.

Write a reaction paper to this event using the following parameters:

1. Summarize the main points of the presentation. Be brief and to the point. Give some thought to this; do not just regurgitate the words of the speaker. Two or three paragraphs should suffice. If you must use more do it, but try to remember that in business writing, as in many other communications, if you don't get the attention of your audience quickly, all is lost.

2. Give your reaction and recommendations. This is your opinion. Use whatever documentation you need to support your arguments, both from the article and from your own experiences. Don't be shy and don't try to be "politically correct." I want to know what you think. For purposes of this assignment, the way you express your opinion is more important than the position you take. Try to do this part using no more words than you did in the summary.

3. Discuss two or three action plans that you plan to implement that will help improve your credit rating.
