

PSY 101- Introduction to Psychology  
Mercer County Community College  
Fall 2010

Reflection Journal Due Dates (Honors)

Each student MUST submit four additional journal reflections for the course. Please review this schedule and select any FOUR topics to write about. Remember this is a reflective process in which you should think about how that topic impacts your life. You can also reflect upon any questions or challenges you had while learning the material. By reflecting on what you have learned, you can track the progress you've made. This experience will also allow you, as the learner, to notice the gaps in your knowledge and skills. These reflections should be a minimum of a half a page in length. Each journal entry will be worth 10 points.
