The cost of the examination is \$37.50.

Each exam will begin promptly at 8:45 a.m. No student will be admitted after this time.

This is a timed exam. Students are allowed a maximum of 4 hours to complete the exam. Once that time has been reached, the exam will shut off and the score achieved at that point will be the score recorded. ***Once testing has begun it cannot be stopped for any reason.*** Should a student chose to leave at any point during the exam, the score achieved at that point will be the score recorded. Any student who does not pass the exam will be required to reschedule on another testing date. Also, students who register for a given exam date and do not attend that scheduled test date must wait at least one month before being allowed to reschedule. Students are required to complete **all** sections of the exam in order for their final grade to be accepted. **Students who do not complete and/or skip sections will be required to retake the exam.**

To register and obtain further information about the testing process, students must contact the Nursing Program office at (609) 570-3391.

A study guide is available for purchase at the college bookstore. Purchase of this study guide is optional. Cost of the study guide is \$34.59.
