Flight Training Fees for Aviation Technology

Mercer County Community College's Aviation Flight Technology A.A.S. – ATP concentration is designed to provide transition training to fixed wing aircraft for commercial/instrument rated helicopter pilots, multi-engine certification, and flight time building. At the end of this program, the student will have the minimum fixed wing flight time needed to be hired by a regional airline. This course is an accelerated program and is designed to be completed in 21 weeks. The total estimated flight training fees will vary depending upon program training coursework required towards certification and licensing and are subject to change without notice. See the chart below for hourly charges for additional time needed to complete the program. Further information on flight fees and this certification program is available from the Aviation Program Coordinator.

| Aircraft | Hourly Rate |
|----------------------------|----------------|
| C172S | \$170.00 |
| C172G1000 | \$190.00 |
| PA-44 Seminole | \$320.00 |
| | |
| Flight /Ground Instruction | Hourly Rate |
| Single Engine Training | \$50.00 |
| Multi-Engine Training | \$65.00 |

Note 1: The flight fees listed are the minimum flight fees that are approved with our curriculum with the FAA under part 141 of the regulations.
