Global Studies concentration

Associate in Arts Degree in Liberal Arts and Sciences (A.A.)

Liberal Arts Division

[609.570.3378](tel:609.570.3378) admiss@mccc.edu

The **Liberal Arts concentration in Global Studies** provides students interested in a career in such fields as international relations, global business, law, diplomacy, international aid work, and other public service by providing a beginning understanding of the issues affecting international decision-making today. The objectives and overall requirements of the Global Studies concentration are the same as those for a more general program possible; however, within each requirement, the choice of electives affords students an opportunity to approach disciplinary work from a global perspective.

Students interested in transferring to The College of New Jersey's International Studies program should work closely with their Faculty Advisors from the beginning to choose courses that fit the articulation agreement between MCCC's Global Studies concentration and TCNJ's International Studies. Faculty Advisors can also aid in planning transfer to related programs at Montclair State, Rowan, and Rutgers-Camden as well as programs outside New Jersey.

Prospective students are encouraged to compare the curriculum for the Global Studies concentration with that of the [standard MCCC Liberal Arts program](#), as well as to read the Mercer/Rider guaranteed transfer articulation agreement posted on the MCCC Transfer Services website.

For students not transferring to Rider, the Global Studies concentration can lead to similar study elsewhere or transfer to four-year baccalaureate programs in which general Liberal Arts graduates would enroll.

PROGRAM OUTCOMES

- Understand the vocabulary, methods, and the major concepts present in the humanities, the social sciences, and the natural sciences;
- Articulate complex ideas clearly and effectively, both in speech and in writing;
- Perform a series of thinking tasks including quantitative and abstract reasoning such as speculation, analysis, and synthesis;
- Utilize research materials and methodologies;
- Speak, write, read, and comprehend a world language commensurate with the level of study.
