Educational Background

MTTI must receive an ORIGINAL school transcript from the highest level of education completed prior to graduation from the program. American Montessori Society will not issue your teaching credential without it.

If your transcripts are from a foreign country, they must be evaluated by a service that is a member of the National Association of Credential Evaluation Services (www.naces.org). Many of our students have utilized the nonprofit World Educational Services (www.wes.org) for this service.

If you have a high school diploma, please submit verification of that diploma from your high school.

In order to earn the full teaching credential, you must possess a bachelor's degree or higher. If you do not hold a bachelor's degree, you will earn the associate credential.
