*You may choose to obtain these from your primary care physician. These prices are based off of the agreement we have with RWJ/BARNABAS Health. They are offering the total package for \$115 without a chest x ray and \$150 with a chest x ray. The price increases if the QuantiFERON TB Gold is used instead of the PPD skin testing: the total would be \$155 without a chest x ray and \$190 with the chest x ray. A Flu shot is \$20.

*All costs are estimated. Tuition, fees and book prices are based on the 2019-2020 fee schedules and are subject to change.
Book prices are based on required texts only.*
