

Attention MLT Students: This is a chart of local social events taking place in October that we, as a club, thought might interest other members and students to come and hang out. It would give us a chance to get to know one another and let off steam at the same time. We encourage input as to types of events and locations. We understand that a lot of students do not live near the college (or even in the county for that matter) and would like to know if there's anything else in other areas people might be interested in.
