DEVELOPMENTAL COMPARISON FOR PEDIATRIC DAY CARE EXPERIENCE

DIRECTIONS: Go to your Pediatric Textbook, **Pediatric Nursing** by Ball and Bindler, chapter 2 on Growth and Development. Fill in the normal expected behavior from the textbook on the left side of the paper indicating the stage according to the theorist and the behaviors you would see during this stage. Then compare the normal with what you saw at the day care center on the right side of the paper giving examples of behaviors observed. ***Have the left side filled out before going to the day care center.***
