

## 10 Things to Do to Prep for NRS 225

1. Review dosage calculation equations at:  
[http://www.atitesting.com/ati\\_next\\_gen/skillsmodules/content/medication-administration-1/equipment/drug\\_calc.html](http://www.atitesting.com/ati_next_gen/skillsmodules/content/medication-administration-1/equipment/drug_calc.html)
2. Complete HESI practice dosage calculation quizzes.
3. Complete all HESI remediation for any HESI exams where you did not score at least the benchmark.
4. Complete the psychiatric/mental health HESI practice tests and quizzes.
5. Review list of common psychiatric medications.
6. Review list of therapeutic communication techniques.
7. Try to watch new CNN documentary entitled "Unseen Enemy". If unable to find the whole movie online, at least watch the movie trailer as this will stimulate discussion during our lectures covering infectious diseases like AIDS and Hepatitis.
8. Please watch the movie "Wit" at the following link  
<https://www.youtube.com/watch?v=u0PPvYIGqL8>
9. Please watch the movie "The Miracle Worker" at the following link:  
[https://www.youtube.com/watch?v=bLTFr\\_KqVLE](https://www.youtube.com/watch?v=bLTFr_KqVLE)
10. Please watch the movie about autism (Temple Grandin) at the following link:
