Summer/Winter Homework Assignments

Hello. Please see the attached short list of summer/winter homework assignments for you to complete over the break. We know your time is valuable and every assignment here is geared towards helping you be successful.

1. Review the nursing website for the dates of the upcoming workshops/reviews. Login to your Office 365 account and put those dates on your calendar. Plan to attend as many of those workshops as you can. Make sure to register for an assessment workshop. The assessment workshops are the only ones that require registration. ***All concept reviews, deep dives, and assessment workshops are available in the summer only.***
2. Login to your HESI account and complete the following (recommend one per week):
 - A. Dosage Calculation/Practice/Dosage Calculation Quiz: Questions 1-15
 - B. Psychiatric/Mental Health Practice Quiz: Questions 1-20
 - C. Fundamentals/Practice/Fundamentals Practice Quiz: Questions 1-20
 - D. Multidisciplinary Quizzes/Multidisciplinary Practice Quiz: Questions 1-50
 - E. Pharmacology/Practice/Pharmacology Practice Quiz: Questions 1-20
 - F. Pathophysiology Practice Quiz: Questions 1-15
3. Some optional movies to watch: Still Alice, The Notebook, Wit, The Miracle Worker (Disney version), Temple Grandin (HBO), Unseen Enemy (CNN Documentary), America's Battle with Tuberculosis ([click here](#))
4. Read the course syllabus once posted. This will prepare you for your first assignment and in general, for the course.
5. If you have not done so, purchase the Medical-Surgical vSim bundle. See the syllabus for information.
