

MERCER COUNTY COMMUNITY COLLEGE  
DIVISION OF SCIENCE AND ALLIED HEALTH  
DEPARTMENT OF NURSING  
NURSING 202  
PEDIATRIC EXPERIENCE  
Evening students

**The Nursing 202 pediatric experience consists of the following components:**

1. Experience in a pediatric hospital unit (Capital Health System at Mercer)
2. An experience observing in a public school system servicing handicapped children (Mercer Elementary School) – this is a day experience combined with the visit to the Day Care Center
3. A two day experience buddying with a school nurse either with the Hamilton Township School Nurse or Ewing Township School Nurse (this is a day experience): no requests for schools can be taken.
4. Observing healthy children in a Day Care Center comparing normal growth and development
5. Providing a teaching plan to preschoolers on the pediatric hospital unit
6. Observe children in a pediatric emergency unit (Peds Express at Capital Health System at Mercer)

Each experience will have objectives, guidelines and directions will be available on the N202 web site. Students are responsible for downloading these and discussing the objectives in clinical after the experience.
