

MERCER COUNTY COMMUNITY COLLEGE
DIVISION OF SCIENCE AND ALLIED HEALTH
DEPARTMENT OF NURSING
NURSING 202
PEDIATRIC EXPERIENCE
Fall Evening students 2008

The Nursing 202 pediatric experience consists of the following components:

1. Three days in a pediatric hospital unit (Capital Health System at Mercer)
2. An experience observing in a public school system servicing handicapped children (Mercer Elementary School) – this is a day experience combined with the visit to the Day Care Center
3. A two day experience with the Hamilton Township School Nurse (this is a day experience)
4. Observing healthy children in a Day Care Center comparing normal growth and development
5. Providing a teaching plan to preschoolers on the pediatric hospital unit
6. Administer the Denver Developmental Screening Test to a child
7. Observe children in a pediatric emergency unit (Peds Express at Capital Health System at Mercer)

Each experience will have objectives, guidelines and directions will be available on the N202 web site
