Division of Science and Health Professions
Nursing Program

EXIT INTERVIEW RESULTS

Graduation Semester:

Traditional Class or Online Hybrid Class:

By using the following scale, please indicate how **your** education at Mercer County Community College has prepared you for your roles and responsibilities as a Registered Nurse.

(5) Strongly Agree (4) Agree (3) Disagree (2) Strongly Disagree (1) Not Applicable

I can:

	5	4	3	2	1
1. function within the provisions of the Nurse Practice Act while maintaining the Code of Ethics and accepting responsibility for self-growth and life-long learning.					
2. assess the patient's health status in a comprehensive and holistic manner.					
3. analyze, synthesize and evaluate patient-related data to develop and implement individualized patient care and teaching plans.					
4. provide safe physical and psychological care to each patient incorporating documented Best Practices to formulate clinical judgments and management decisions.					
5. evaluate the achievement of patient outcomes.					
6. incorporate within nursing practice advocacy for patient's rights, taking into consideration cultural diversity, socioeconomic and political forces.					
7. collaborate with others to respond to the needs of individuals, families and groups across the health-illness continuum.					
8. use effective verbal and written communication skills, incorporating lifespan considerations.					
9. manage health care for the individual using cost effective nursing strategies, quality improvement processes and current technologies.					

The questions below pertain to your satisfaction with program related services and resources. Use the key below to evaluate these resources and services. Your answers should be based upon these services being accessible and meeting your needs.

(5) Strongly Agree (4) Agree (3) Disagree (2) Strongly Disagree (1) Not Applicable

10. I was notified of changes to program policies, procedures and
    program information in a timely and consistent manner.
11. The nursing program handbook explained program and college
    policy for handling program complaints and grievances.
12. Academic support was available to improve my study skill habits.
13. College student learning resources (etutoring, success workshops,
    tutoring, learning center) were available and supported my
    learning needs.
14. Program student learning resources (Evolve resources, textbook
    resources, Angel course shell) were available and supported my
    learning needs.
15. Orientation to technology was available and technical support was
    available throughout the program
16. Orientation was provided to library resources and services were
    available and sufficient to meet program outcomes
17. I was orientated to technology (simulation and computer training)
    in lab and clinical areas.
18. Learner resources (equipment and videos) in lab were current,
    comprehensive and accessible.
19. Physical space of labs and classrooms are sufficient to my needs
    and the achievement of student learning outcomes.
20. Would you recommend Mercer's nursing program to others?   Yes   No   NA
21. Please give an explanation of your response to question.
1. I feel it was very unorganized at times and I felt as if we were on our own a lot. It lacked
guidance and support. Did not like how grade changes happened.
2. I felt that all of my professors were knowledgeable and interested in me learning.
3. Not all equipment was in labs. Very outdated, No IV pumps. A lot of supplies missing.

                                                          5   4   3   2   1
22. One a scale of 1 – 5 (5 being highest), how would you rate
Mercer's Nursing Program?
23. If you rate the program below a 4, please provide an explanation
of your response.

24. Please use the space below for any additional comments about your preparation for nursing at
    Mercer, comments or suggestions for improvement for our program.
