Program Learning Outcomes for Advertising + Graphic Design program (PLOs)

1. Apply computers applications to design principles;
2. Visualize and practice professional typography;
3. Design and present professional-quality work;
4. Create professional-quality logos, newsletters, posters, brochures, websites, publications, and advertisements;
5. Create web pages that use design principles that communicate effectively;
6. Develop and present creative ideas in both written and oral formats;
7. Create a professional portfolio to serve in the pursuit of further education or employment.

Units of study in detail – Unit Student Learning Outcomes:

**Unit I**

**Designing Publication Layouts** [Supports Course SLO # 1 –6]

The student will be able to...

1. Create page layouts using specific software for their designs
2. Analyze various printed collateral for structure and grid
3. Review the basic drawing tools and text tools
4. Create and modify text in layouts using software
5. Modify vector graphics using selection tools
6. Design and conceptualize a layout from the beginning through to comprehensive stage
7. Discuss their work during a critique and critically evaluate and justify their own artistic and vocational practice

**Unit II**

**Publication Layout Hierarchy** [Supports Course SLOs # 1 - 6]

The student will be able to...

1. Identify and discuss the importance of type selection to the message
2. Create publication layout design for a specific topic
3. Explore the use of type as a compositional element
4. Analyze various newsletter designs by professionals
5. Create type style hierarchy tags in page layout software
6. Analyze the differences between photography and illustration their effectiveness
7. Identify key components to editorial newsletter design
8. Organize a layout with typography, photographs and artwork
9. Review printing standards from Pantone to CMYK
10. Discuss their work during a critique and critically evaluate and justify their own artistic and vocational practice
**Unit III**  
**Magazine Design and e-Publications** [Supports Course SLOs #1 – 6]  
The student will be able to…  
1. Identify the components of a magazine layout  
2. Analyze top magazine designs  
3. Modify an existing magazine layout with a new make-over  
4. Review CMYK printing  
5. Organize content for the magazine within a grid structure  
6. Identify the use of proper imagery to support content within the publication’s design  
7. Discuss differences between photography and illustration their effectiveness  
8. Review copyright usage of imagery  
9. Discuss their work during a critique and critically evaluate and justify their own artistic and vocational practice

**Unit IV**  
**Other Publication Collateral** [Supports Course SLOs # 1 – 6]  
The student will be able to…  
1. Evaluate various publications such as brochures, menus and sales promotional collateral  
2. Discuss type readability in formats  
3. Create and modify text in a layout using page software  
4. Control the typography to conform to the layout using software  
5. Organize a menu layout with typography, photographs and artwork  
6. Review of various printing techniques  
7. Review of paper selection process and various weights/textures and color options  
8. Discuss their work during a critique and critically evaluate and justify their own artistic and vocational practices

**Evaluation of student learning:** [Evaluates SLOs # 1 – 6]  
Achievement of the course objectives will be evaluated by the following tools:  
• Assignments and class exercises to be done at home and uploaded for review by instructor.  
• Participation and attendance in class exercises and class critiques.  
• Class critique presentations and participation.
