ENG—English

Course descriptions, prerequisites, corequisites >>>> www.mccc.edu/courses/ENG

Note: Initial selection of an English composition course is determined by a placement test. Call the Liberal Arts Division or the Academic Testing Center for details. English courses are sequential. Therefore, a student must satisfy the composition requirement — with a minimum grade of C in ENG102 — before taking literature (200 level) courses. Applicability of credits in courses below the 100 level toward degree requirements is limited.

Note: The English Department offers sections of English Composition I and II that are specifically designated for non-native speakers of the English language. For more information, contact Fran Davidson, (609) 570-3852.

ENG101/102 TVC: Students who register for TVC (distance learning) classes of ENG101 or ENG102 are required to write two essays, one at the beginning of the semester and one at the end, in the Academic Testing Center on the West Windsor campus. Further information about this requirement can be obtained by calling (609) 570-3308.

Skilled, qualified people are needed to help in storage, retrieval, coding and processing of the medical information needed for efficient health care delivery and reimbursement. For complete certificate program information, please call Admissions at (609) 570-3795 or e-mail admiss@mccc.edu. *See specialty courses listed under Office Systems Technology.*

The Health Careers Center of the Mercer County Technical Schools also offers a Medical Assistant certificate program in conjunction with MCCC. This program includes a strong clinical component with internship experience. Students must be available to attend school daily for this one-year program which begins each year in late August. Students completing this program will receive the Medical Office Assistant certificate from the college as well as a diploma from the Health Careers Center. The Center also offers individual clinical modules for students unable to attend full-time. For information on this program, please contact Mrs. Virginia Clevenger at the Health Careers Center at (609) 587-7640.

Art courses are as popular with the general public as with art majors. Students in all degree programs may take art courses as humanities electives. Professionals register to hone their skills. Working adults and retired people enroll for the sheer joy of expressing and developing their creative talents. Entry level courses in art history, ceramics/sculpture, computer graphics, drawing, design and photography require no prior training or experience.

Placement Testing

A placement test measuring English and mathematics skills is a requirement in the MCCC admissions process to determine student eligibility for certain courses and programs. The exam does not affect admission to the college. Completed in approximately two and a half hours, the test includes a timed essay followed by untimed multiple choice questions. Prospective students are encouraged to thoroughly review the sample essays and practice questions found in the placement testing section of the MCCC website.

Exemptions from Testing

- 540 on the SAT critical reading exempts students from the English testing;
- 530 on the SAT mathematics exempts students from the basic math testing, but qualifies students for college-level math placement testing;
- 21 on Math ACT and 21 on English ACT exempts students from the English and basic math testing and qualifies students for the college-level math placement testing;
- A degree from an accredited U.S. college or university (transcript required);
- Evidence (college transcript) of college-level English or mathematics courses.

All documentation of scores and transcripts should be submitted to the Enrollment Services Office upon application to the college.

If English is not your first language, call 609-570-3438 to arrange for the English as a Second Language placement test.

Arrangements for Testing

After completing a college admissions application and obtaining a MCCC student I.D. number, students may arrange to take the placement test by contacting the preferred testing location: the Academic Testing Center at the West Windsor Campus (609-570-3295 or e-mail wwtesting@mccc.edu) or the Beverly A. Richardson Testing Center at the James Kerney Campus (609-570-3151 or e-mail jkcetesting@mccc.edu).

A growing number of students are taking distance learning courses through MercerOnline. Taking courses via Internet and television allows students to choose when and where they learn. MercerOnline offers convenience and flexibility to those with busy lives and unconventional schedules. Success in an online or television course requires commitment and high motivation to complete assignments.

Taking an Online Course (Web-Based)

To take an online course, you need access to a computer, Microsoft Word-compatible software, a web browser such as Internet Explorer or Mozilla Firefox, and reliable access to the Internet. Students enrolled in online courses should be comfortable using a computer and navigating the Internet.

Taking a Blended Course (In-Person and Online)

Blended courses, involving both web technology and the traditional classroom, deliver the best of both worlds: on-campus instruction and distance learning wrapped into one course. "Face to face" meeting times are noted on your schedule.

IMPORTANT: It is highly suggested that you attend one of these orientations on the West Windsor Campus or online, especially if this is your first time taking an Online Course. We provide tips and tricks to successfully navigate your online course, as well as breakout sessions to test your username and password.

Payment and Refund Policy

Prior to the start of any semester (or equivalent), a student can freely modify his or her schedule by adding and dropping classes without approval or penalty. Any monies paid by the student (tuition and fees) for a course dropped during this period will be refunded.

Once a semester begins, students must drop any class prior to the deadline specified below in order to be eligible for a refund for that class. There are no refunds other than full refunds, which are processed each Tuesday (after the start of classes) in the form of a check and mailed to the student.

Deadlines for refund eligibility differ according to class session length. A class must be dropped "no later than" the specified number of business days following the initial meeting day of that class:

within 3 days ...for classes lasting more than 13 weeks

within 2 days ...for classes lasting from 10 to 13 weeks

within 1 day ...for all other classes

A course dropped anytime after refund eligibility for that course ends will be processed as a withdrawal, with **no refund of tuition or fees**. *Please be aware that dropped classes or withdrawals can cause adjustments to any financial aid awards, resulting in you having a balance due to the college for your tuition.*

No refund of tuition or fees will be made to a student who is withdrawn (WI) from a course by an instructor due to non-attendance or who is dismissed from the college for cause.

Academic Schedule, Tuition

Most summer session classes begin May 21 and July 5.
