Complete your degree early

If you are currently a student at Mercer or at another college, you can accelerate your program or lighten your course load for future semesters by taking courses during the summer.

Save a semester

In only six weeks you can earn credits that can save you time and money. Earn credits this summer at MCCC, and you'll still have time to visit the shore.

Advance your career

Sharpen your skills for your present occupation or start on the road to a new career. This summer Mercer is offering an array of courses in accounting, business, communication, computers, criminal justice, English, hospitality, humanities, mathematics, sciences, social sciences and visual arts.

Try something new

Now is the time to try your hand at a different field of study or follow up on an interest you haven't had time to pursue. Learn to paint, to program a computer, to speak French. . . Explore new ideas.

Equal Opportunity Policy

Mercer County Community College is committed to a policy of equal treatment and opportunity in every respect of its relations with current and prospective faculty and staff members, without regard to race, color, religion, affectional or sexual orientation, gender and/or gender identity or expression, marital or parental status, ethnicity, nationality, veteran or military status, age, disability and any other legally protected basis. A growing number of students are taking distance learning courses through MercerOnline. Taking courses via the Internet allows students to choose when and where they learn. MercerOnline offers convenience and flexibility to those with busy lives and unconventional schedules. Success in an online course requires commitment and high motivation to complete assignments.

Taking an Online Course (Web-Based)

To take an online course, you need access to a computer, Microsoft Word-compatible software, a web browser such as Internet Explorer or Mozilla Firefox, and reliable access to the Internet. Students enrolled in online courses should be comfortable using a computer and navigating the Internet.

ENG—English

Course descriptions, prerequisites, corequisites > www.mccc.edu/courses/ENG

Note: Initial selection of an English composition course is determined by a placement test. Call the Liberal Arts Division or the Academic Testing Center for details. English courses are sequential. Therefore, a student must satisfy the composition requirement — with a minimum grade of C in ENG102 — before taking literature (200 level) courses. Applicability of credits in courses below the 100 level toward degree requirements is limited.

Note: The English Department offers sections of English Composition I and II that are specifically designated for non-native speakers of the English language. For more information, contact Fran Davidson, (609) 570-3852.

ENG101/102 WEB: Students who register for MercerOnline classes of ENG101 or ENG102 are required to write two essays, one at the beginning of the semester and one at the end, in the Academic Testing Center on the West Windsor campus. Further information about this requirement can be obtained by calling (609) 570-3308.

MAT—Mathematics

Course descriptions, prerequisites, corequisites > www.mccc.edu/courses/MAT

Note: Initial selection of a mathematics course is determined by the results of a placement test. Contact the Math, Science & Health Professions Division or the Academic Testing Center for details. Applicability of credits in courses below the 100 level is limited. Students who have completed math courses at another college must present transcripts.

Mathematics Placement: Students not required to take pre-college review mathematics should take the Mathematics Course Placement Test to determine the appropriate level of math. A pretest and authorization form may be obtained at the Math, Science & Health Professions Division office (MS 126) or from a counselor. The placement test is given in the Academic Testing Center, and the results are discussed and reviewed with a member of the mathematics faculty.

Placement Testing

A placement test measuring English and mathematics skills is a requirement in the MCCC admissions process to determine student eligibility for certain courses and programs. The exam does not affect admission to the college. Completed in approximately two and a half hours, the test includes a timed essay followed by untimed multiple choice questions. Prospective students are encouraged to thoroughly review the sample essays and practice questions found in the placement testing section of the MCCC website.

Exemptions from Testing

- 540 on the SAT critical reading exempts students from the English testing;
- 530 on the SAT mathematics exempts students from the basic math testing, but qualifies students for college-level math placement testing;
- 21 on Math ACT and 21 on Reading ACT exempts students from the English and basic math testing and qualifies students for the college-level math placement testing;
- A degree from an accredited U.S. college or university (transcript required);
- Evidence (college transcript) of college-level English or mathematics courses.

All documentation of scores and transcripts should be submitted to the Enrollment Services Office upon application to the college.

Payment and Refund Policies

Deadlines for refund eligibility and avoiding Late Registration fees: Please note the “Key Dates” specified at left.

A one-time \$35 Late Registration fee is charged beginning on the first day of each term.

Deadlines for course refund eligibility differ according to term length, as follows:

- Terms shorter than 15 weeks: Full refunds are available for classes dropped within the *first two days* of the associated term (NOT the *class start date*).

A course dropped anytime after refund eligibility for that course ends will be processed as a withdrawal. No refund of tuition or fees will be made to a student who is withdrawn from a course by an instructor due to non-attendance or who is dismissed from the college for cause.

Please be aware that dropped classes or withdrawals can cause adjustments to any financial aid awards, resulting in a balance being due to the college for tuition.

Paying for Your Education

Community colleges charge the lowest tuition and fees of all higher education institutions. Mercer County Community College receives significant support from Mercer County and the State of New Jersey, but courses are not free. Students are required to pay for a portion of their education. To determine the cost of a course, consider tuition and college fees, special course fees, books and supplies.

Tuition and Fees

Tuition and college fees are calculated on a per-credit basis. The table on page 24 will help you determine how much you owe based upon the total number of credits you are taking and your residency. Besides regular tuition and college charges, some courses carry an additional fee.

Books and Supplies

Students must purchase their own textbooks and supplies. The Mercer Bookstore (see page 21 for hours and locations, or order online at www.mcccshop.com) guarantees the availability of these for any course offered at MCCC. Acceptable methods of payment include cash, credit card, and financial aid (checks not accepted). Most textbooks can also be rented; please see website for details.
