

The Mercer County Police Academy  
&  
3SI Security Systems

PRESENT  
Electronic Satellite Pursuit Currency Tracking  
*"Train the Trainer"*

Attn: Command Staff Investigators Training Unit  
Patrol Division Communications Supervisors

Mark your calendar and plan to attend

Financial institutions across Pennsylvania & New Jersey are currently installing Electronic Satellite Pursuit (ESP) technology. In order to properly respond, agencies must train their communications center, investigators and patrol units. ESP is a GPS based currency-tracking technology currently utilized at nearly 1,000 financial institutions across the United States.

Where: Dempster Fire Training Center  
Mercer County Police Academy Satellite Facility  
350 Lawrence Station Road  
Lawrenceville NJ 08648 (609) 799-3245

When: Friday, November 16, 2007

Time: 9am – 12pm (continental breakfast is included)

**A 3SI law enforcement trainer will be educating participants on Electronic Satellite Pursuit (ESP) technology / currency tracking and how it is used in the pursuit and apprehension of bank robbers. A live demonstration will be conducted. This is a Train-the-Trainer curriculum.**
