COL100 – Strategies for Academic Success
Fall 2011

Name:_____ Instructor:_____

Eportfolio

An electronic portfolio or eportfolio, is a collection of work that shows evidence of your capabilities. It is put together and managed by you and is hosted on the Web to allow easy access for selected viewers. Eportfolio is both a catalog of your accomplishments and a place for you to reflect on your developing abilities and understandings. As a Mercer County Community College student you will be required to develop an eportfolio. Throughout this course, during lab period, you will be guided and given class time to develop your eportfolio.

Your eportfolio is required to have 7 pages. Each page contains unique requirements as outlined on the eportfolio template. You can view a template of what your eportfolio should look like at http://615598992579292622.weebly.com/index.html. The 7 required pages are:

- Welcome
- About me
- Educational Goals
- Classes and Projects
- Resume
- Links
- Contact Me

If you have access to a web host and a web page development tool, use it. If you do not have a web host and web page development tool, you will be using WEEBLY, a free online web host. It is a very basic and easy to use tool. Instructions for connection, registration, and use are available for download.

This eportfolio is worth 10% of your grade for this course and will be graded using the following rubric:

COL100 – Strategies for Academic Success
Fall 2011
Name:_____ Instructor:_____

Eportfolio

Eportfolio grading rubric
