

RESULTS WILL BE POSTED IN ANGEL.

1. VIEW - DISSECTION / TOPIC – HEART INTERNAL FEATURE, ANTERIOR VIEW

What are the two terms for the valve between the right atrium and right ventricle?

2. VIEW - DISSECTION / TOPIC – HEART INTERNAL FEATURE, ANTERIOR VIEW

Name the structure that prevents reflux of blood into the left ventricle.

3. VIEW - DISSECTION / TOPIC – HEART INTERNAL FEATURE, ANTERIOR VIEW

What heart chamber is responsible for pumping oxygen-rich blood to the body (except the lungs)?

4. VIEW - DISSECTION / TOPIC – HEART INTERNAL FEATURE, ANTERIOR VIEW

What heart chamber is responsible for pumping oxygen poor blood to the lungs?

5. VIEW - DISSECTION / TOPIC – HEART INTERNAL FEATURE, ANTERIOR VIEW

Name the irregular, muscular elevations on the internal surface of the both ventricles.

6. VIEW - DISSECTION / TOPIC – HEART INTERNAL FEATURE,
ANTERIOR VIEW

Name the fibrous strands that attach the free edge of the atrioventricular valve cusps to the papillary muscles.

7. VIEW - DISSECTION / TOPIC – HEART INTERNAL FEATURE,
ANTERIOR VIEW

Name the heart chamber that receives oxygen-rich blood from the lungs.

8. VIEW - DISSECTION / TOPIC – HEART INTERNAL FEATURE,
ANTERIOR VIEW

Name the blood vessels that bring this blood from the lungs to the heart. How many are there?

9. VIEW - DISSECTION / TOPIC – HEART INTERNAL FEATURE,
ANTERIOR VIEW

Name the structure that separates the right and left ventricles.

10. VIEW - DISSECTION / TOPIC – HEART VASCULATURE, ANTERIOR
VIEW

Name the major vein that drains everything inferior to the diaphragm.

11. VIEW - DISSECTION / TOPIC – HEAD AND NECK VASCULATURE,
LATERAL VIEW

Name the subcutaneous vein with tributaries that drain the scalp and face and terminates in the subclavian vein.

12. VIEW - DISSECTION / TOPIC – HEAD AND NECK VASCULATURE,
LATERAL VIEW

Name the vein that terminates at the internal jugular vein.

13. VIEW - DISSECTION / TOPIC – BRAIN VEINS, INFERIOR VIEW

Name the arterial anastomosis of the ventral surface of the brain.

14. VIEW - DISSECTION / TOPIC – SHOULDER AND ARMS - ANTERIOR
VIEW

Where does the axillary vein become the subclavian vein?

15. VIEW - DISSECTION / TOPIC – SHOULDER AND ARMS - ANTERIOR
VIEW

List the areas drained by the axillary vein.

16. VIEW - DISSECTION / TOPIC – ABDOMEN, CELIAC TRUNK,
ANTERIOR VIEW

Name the 3 branches of the celiac artery (trunk).

17. VIEW - DISSECTION / TOPIC – ABDOMEN, MESENTERIC ARTERIES,
ANTERIOR VIEW

Name the artery that distributes blood to the colon, rectum, and anus?

18. VIEW - DISSECTION / TOPIC – HIP AND THIGH, ANTERIOR VIEW

Name the artery that originates at the external iliac artery.

19. VIEW - DISSECTION / TOPIC – HIP AND THIGH, ANTERIOR VIEW

Name the vein used as a source of vessel tissue in coronary bi-pass surgery.

20. VIEW - HISTOLOGY / TOPIC - MUSCULAR A. AND MEDIUM-SIZED V.

Name the blood vessels that returns blood to the heart.

DON'T FORGET TO TRY THE SELF-QUIZ ON MODULE 9 (MY
STUCTURES) TO SELF ACCESSSS YOU KNOWLEDGE.
