Student Instructions for Accessing Grades within ANGEL

Ok, so you've gotten back some of your grades, but are wondering…"where are the comments from the instructors?" This quick "how to" guide will help you access this information. Of course, this is assuming your instructors have left comments.

First, you will need to log into ANGEL (http://mccc.angellearning.com). Click into your desired course.

Next, you should see a "Grades" nugget. You can essentially click on the meter or the text and it should take you to a "Reports" screen.
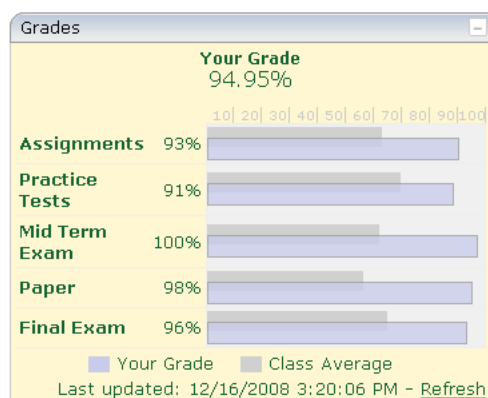

After that, you will want to go to "Category," click on the drop arrow and select, "Grades."

Finally, go to the right hand side of the screen and click on, "Run."
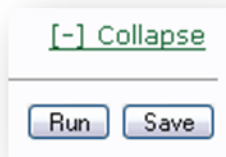

You should now see your grades, broken down into category, along with comments.

		Thank you for a well written essay.
